Happy Birthday...to us!

The language center celebrated its first birthday on January 8th. How time flies when you are having fun!

A Message from the Editor!

Firstly let me say a very happy New Year to all at DTC. I hope that all enjoyed the holiday season and did everything that you wanted to. To those of you out on supervised field training; I hope that you made time to party too.

With graduation just a couple of weeks away, and the new semester approaching fast, the language center is; as always, here to help you with any of your language needs. Just let us know how you want us to help you...we are here for you.

Don't miss out!

Need help with your presentation?

Remember:

- * The presentation is about you and your training experience...it is not an advertisement for where you trained!
- * You only have ten minutes...so time yourself to make sure that you do not go over time.
- * Follow the guidelines in your log book.

Still not sure...?
